

17 June 2008

Dear Force Master Chief Martinez,

On behalf of the Navy Nurse Corps, it is my pleasure to extend sincere congratulations on the occasion of the Hospital Corps' 110th Anniversary. Demonstrating more than a century of honorable service, hallmarked by courage in the heat of battle, calm in the eye of the storm, and compassion in the midst of suffering, the men and women of the Hospital Corps have selflessly answered the call to duty.

Navy Nurses around the globe thank you for your committed service and dedication to our challenging missions in support of the Global War on Terror. We look forward to another century of working together that will only strengthen the foundation laid by those who came before. The Navy Nurse Corps salutes you on your anniversary, and we wish you many more years of continued success.

Sincerely,

C. M. BRUZEK-KOHLER  
Rear Admiral, Nurse Corps  
United States Navy

FORCM (FMF) Laura A. Martinez, USN  
Force Master Chief
